

Austin SwapNet 10/14/2018 de N5MNW & AARC

AARC- Keepin' Austin Wireless since 1919!

Website: www.AustinHams.org

Muon Phenoms,

Much colder (~40 degrees cooler) weather headed our way! Please be prepared, carry extra blankets, etc in your vehicles. Also place more bedding in outdoor animal roosts.

Thanks to all the WCARES members & volunteers that provided support for SAG coordination during Outlaw 100. This was a very successful event, showcasing the abilities of Amateur Radio, congrats!

Lori, and I are now anticipating the South Texas Hamfest in Sinton!
As always, look for the orange diver's flag high in the air.
I (N5MNW) will be presenting the New Ham Orientation as one of the presentations.
Come see us!

Visit www.southtexashamfest.org for more information on the Swapmeet and Silent Auction.

DE Gary MacGregor KF5DZQ:

OK, it's time to quit thinking about it, and do it! Pre-Registration will end on Oct. 16 at 11 pm. That is when the discounts and, the chance to be in the Pre-Registration drawing end! Mail-In registrations will end at 11:59pm tonight. Get those postmarked now!

Items are still coming in for our Silent Auction,
We have managed to secure some really nice items.

Here is a couple of teasers for you:

1/2 Hour Helicopter Ride around the City of Corpus Christi & CC Bay. Imagine seeing the USS Lexington from the air.

Another one is a Motorcycle Detailing for you riders out there.

Don't forget about the Consignment part of the auction.

Still time to reserve your table(s) and there are a few Booth spaces left, for those who would like to spread your things out. There are lots of spaces for those who want to enjoy the outdoors, also known as "Tailgaters". So, go check out the website and come see us

South Texas Hamfest October 20, 2018 @ San Patricio County Fairgrounds in Sinton, Texas.

We are also hosting a Jamboree On The Air Station

See you there !! Gary KF5DZQ

DE Jim KE5AL:

I will be on the air offering code practice on Thursday nights at 8:00 pm on 7113 KHz, 40 meters. Note that this replaces the Tuesday night practices. I will send CQs at 13 wpm, but will be glad to slow down to accommodate anyone wanting it slower. I decided to switch to Thursday evenings from Tuesday, so as not to conflict with the AARC meeting, although I realize it does conflict with Williamson County.

There are some other CW activities on the bands which you might like to take advantage of.

- There is a local CW group that meets on 7065 at 7:00 pm on Thursdays.

- Both The International Morse Preservation Society, FISTS, <https://www.fistsna.org/> , and the Straight Key Century Club, SKCC, <https://www.skccgroup.com/> , have many activities and post their calling frequencies. Both of these groups are very accommodating to beginners and are interested in helping anyone advance their Morse skills.

De Jay KA5OST:

[http://www.tubebooks.org/hb-3 tube manual.htm](http://www.tubebooks.org/hb-3_tube_manual.htm)

DE Michael K5MSK:

The Editor for the Austin Amateur Radio Club newsletter (the AARCover) is looking for articles related to amateur radio to publish in the monthly newsletter. While we've had some good ones in the past, it often takes quite a bit of prodding to get articles in time for the newsletter. Sometimes it comes down to the wire to scramble and get something written in time. A contest is being held to encourage participation and new articles. A Grand Prize is being offered - a brand new ARRL Antenna Book 23rd Edition *hardcover* edition with CD. The winner will be announced at the Austin Amateur Radio Club Christmas Party. Complete details and rules for the contest are on the austinhams.org website. See the News page.

New www.AustinHams.org website:

Please have a look around, Send content edits/requests to:

Michael K5MSK editor(at)austinhams(dot)org

For AARC/ARRL membership-related edits, also contact Mark W5MPJ treasurer(at)austinhams(dot)org

Thanks!

The Austin Amateur Radio Club offers annual scholarships to licensees living in Travis, Williamson, Bastrop, Hays, Blanco, Caldwell and Burnet counties.

Please see <http://austinhams.org/scholarships> for more information.

Both the AARC and WCARC are accepting membership dues. Please refer to www.AustinHams.org and www.WCARC.com websites for details.

A Yahoo discussion group, dedicated to Austin Ham Radio can be found here:

<http://groups.yahoo.com/group/austinhams/>

The SwapNet Newsletter is published weekly on a private, secure listserv.

You may automatically subscribe by sending an email to:

swapnet-subscribe (at) austinhams.org

The Austin Amateur Radio Club is committed to email address security, battling SPAM and ID theft.

We will do everything we can to assure mass-email addresses are suppressed (BCC'd) and that published email addresses will be "munged" upon request. mungification: at=@ dot=. Get it?

Unfortunately, the SwapNet Newsletter contains numerous components that are "graded" as SPAM, causing automatic filters to engage, deleting without recipient's (your) knowledge or permission. Adding the source email address to your contact list may help but consult your ISP for "whitelisting" details.

List owners, sysops and frequent info-emailers:

Email is a powerful tool- sent, received ...and intercepted... /rant=ON/

e-dress harvesters glean your info, not only from used copier hard-drive data vultures, but from clueless people you probably know and Love!

SPAMbot-recognizable patterns (jokes, gossip, "poli-ticks", whatever) and large "TO:" headers are -prime-e-targets as they spend cyberspace time on who-knows-how-many hard drives & caches.

Please try to introduce this concept to the "mass unwashed"...

Avoid alienating these otherwise well-meaning users. They will often respond to any criticism by simply deleting you from their "Joke/Buddy list". While this might have the desired end effect, remember: "Keep your friends close and your enemies closer".

Forwarding ANYTHING to "Everyone You Know!!!", propagating ignorance/hate mongering emails, not stripping "TO:" headers, indiscriminate clicking of unverified/"unsubscribe me" links, not fact checking and responding to unsolicited emails (sheesh, how many misplaced Royal Fortunes can you launder in a week?) all indicate cluelessness and contribute to the problem.

Please try to explain this to the "mass unwashed".

After a few hand-held trips to sites like www.TruthOrFiction.com, www.HoaxSlayer.com, (heck even Snopes), e-education, e-encouragement and polite (earnest but stern) warnings, Take Action! Introduce repeat offenders to www.spamcop.net/, "BCC-ing", assist them to "update" their address book, in extreme circumstances, remove them from sensitive distributions and, if continued, invoke root privs and (insert unprintable e-penance here). /rant=OFF/

To support the SwapNet Newsletter, club repeaters, loaner hardware, Ham classes and other things AARC is up to, please join us and get involved!!

Contact Ruben WB5WTF email- President (at) austinhams.org or Mark W5MPJ Treasurer (at) austinhams.org for more details.

AARC dues can be paid or renewed online. It's now easier than ever to renew and/or join the AARC!

www.austinhams.org/benefits

You may print out a .pdf and mail it in or use PayPal and join online.

Also, consider joining the American Radio Relay League (ARRL); our National Ham Radio club and voice to the FCC.

Present and past issues of AARC's "AARCover" Club Newsletter and the latest SwapNet are available on the AustinHams website:

www.austinhams.org/newsletter www.austinhams.org/swapnet

Current and past AARC newsletters:

www.AustinHams.org site has a nomination button for "Ham of the Month".

Nominate and describe who -YOU- think ought to be AARC's next HOM.

Apr 27-28 2019 MS150 HOU-LaGrange-ATX(COTA) bikeride

The Have & Want listing below is transcribed from a 2m voice "SwapNet" held every Sunday at 9PM on the 146.940 repeater in Austin, TX- an AARC/ARO tradition since 1974!
Newest postings appear near each list end, float up and expire after six weeks.

Actual on-air Net participation is preferred but SwapNet Newsletter updates can be emailed to: n5mnw@arrl.net. Along with a short description of the item(s), be sure to include your name, callsign, phone number/email and an asking price.

We'd like for the Austin SwapNet to be primarily an Amateur Radio Swap List.
Items for sale/trade should be actual Amateur Radio equipment or -directly- related. While most Radio, Electronic, Computer & Test Equipment is acceptable, listing an auto, RV or house because it has, or could be traded for Ham gear is a tad questionable. NCS reserves the right to skip any on-air listing if they feel it would compromise their license status...

SwapNet does not claim to be and indeed, is not in competition with any forum- internet or otherwise; Ebay, QRZ, Eham, Craigslist, etc. This venue encourages Austin locals to comfortably trade into and out of ham gear, period! We do think the personal touch of an approachable, experienced team of AARC Elmers and NCS's makes for a value-added experience.

It should go w/o saying, but AARC assumes -NO- liability for 3rd party items.
Be sure to ask all pertinent questions before entering into -any- purchase or exchange.

Please feel free to copy or forward as you wish, giving proper acks to AARC.
