RIT Rangers,

Jeri Wines (Roger W5WIA's wife) is heading up Summerfest registration and needs a few more volunteers to help, especially on Saturday morning.

Please contact [jeriwines@sbcglobal.net](mailto:jeriwines@sbcglobal.net)

DE Roy WA5YZD:

The AARC W5KA 1.2 and 444.2 repeaters have been upgraded with Allstar link capability and have been working great.

Roy WA5YZD

DE Mel- KF6OZ:

Danger - Downed power line THIS MIGHT SHOCK YOU. Great info! PLEASE READ AND> WATCH THE VIDEO! I knew about not getting out of the car, but I didn't know what to do in case a fire would start. This is a good explanation. Hopefully no one will ever need to use this. Don't delete this one until you watch it, I almost did and am glad I didn't. I learned quite a bit from this video.... I knew the basics, but not the latter part. Watch it all the way through ...Could save your life!

The SwapNet Newsletter is published weekly on a private, secure listserv. You may automatically subscribe by sending an email to: swapnet-subscribe (at) austinhams.org

The Austin Amateur Radio Club is committed to email address security, battling SPAM and ID theft. We will do everything we can to assure mass-email addresses are suppressed (BCC'd) and that published email addresses will be "munged" upon request. mungification: at=@ dot=. Get it?

Unfortunately, the SwapNet Newsletter contains numerous components that are "graded" as SPAM, causing automatic filters to engage, deleting without recipient's (your) knowledge or permission. Adding the source email address to your contact list may help but consult your ISP for "whitelisting" details.

List owners, sysops and frequent info-emailers:

Email is a powerful tool- sent, received ...and intercepted... /rant=ON/

e-dress harvesters glean your info, not only from used copier hard-drive data vultures, but from clueless people you probably know and Love!

SPAMbot-recognizable patterns (jokes, gossip, "poli-ticks", whatever) and large "TO:" headers are -prime-e-targets as they spend cyberspace time on who-knows-how-many hard drives & caches.

Please try to introduce this concept to the "mass unwashed"...

Avoid alienating these otherwise well-meaning users. They will often respond to any criticism by simply deleting you from their "Joke/Buddy list". While this might have the desired end effect, remember: "Keep your friends close and your enemies closer".

Forwarding ANYTHING to "Everyone You Know!!!", propagating ignorance/hate mongering emails, not stripping "TO:" headers, indiscriminate clicking of unverified/"unsubscribe me" links, not fact checking and responding to unsolicited emails (sheesh, how many misplaced Royal Fortunes can you launder in a week?) all indicate cluelessness and contribute to the problem.

Please try to explain this to the "mass unwashed".

After a few hand-held trips to sites like [www.TruthOrFiction.com](http://www.TruthOrFiction.com), [www.HoaxSlayer.com](http://www.HoaxSlayer.com), (heck even Snopes), e-education, e-encouragement and polite (earnest but stern) warnings, Take Action! Introduce repeat offenders to [www.spamcop.net/](http://www.spamcop.net/), "BCC-ing", assist them to "update" their address book, in extreme circumstances, remove them from sensitive distributions and, if continued, invoke root privs and (insert unprintable e-penance here). /rant=OFF/

The Have & Want listing below is transcribed from a 2m voice "SwapNet" held every Sunday at 9PM on the 146.940 repeater in Austin, TX- an AARC/ARO tradition since 1974!  
Newest postings appear near each list end, float up and expire after six weeks.

Actual on-air Net participation is preferred but SwapNet Newsletter updates can be emailed to: [n5mnw@arrl.net](mailto:n5mnw@arrl.net). Along with a short description of the item(s), be sure to include your name, callsign, phone number/email and an asking price.

We'd like for the Austin SwapNet to be primarily an Amateur Radio Swap List. Items for sale/trade should be actual Amateur Radio equipment or -directly- related. While most Radio, Electronic, Computer & Test Equipment is acceptable, listing an auto, RV or house because it has, or could be traded for Ham gear is a tad questionable. NCS reserves the right to skip any on-air listing if they feel it would compromise their license status...

SwapNet does not claim to be and indeed, is not in competition with any forum- internet or otherwise; Ebay, QRZ, Eham, Craigslist, etc. This venue encourages Austin locals to comfortably trade into and out of ham gear, period! We do think the personal touch of an approachable, experienced team of AARC Elmers and NCS's makes for a value-added experience.

It should go w/o saying, but AARC assumes -NO- liability for 3<sup>rd</sup> party items. Be sure to ask all pertinent questions before entering into -any- purchase or exchange.

Please feel free to copy or forward as you wish, giving proper acks to AARC.
